### Trophy hunting

Thank you to all the constituents who have written to me on banning trophy hunting imports into the UK. Many wild animals have been hunted and killed for leisure, with trophies in the form of antlers, horns, tusks or other body parts brought back to the UK. It is a cruel and barbaric, with animals often left to suffer slow and painful deaths.

I support the banning of these trophies being imported into the UK. As such, I have signed Early Day Motion (EDM) 1829 on halting the imports of hunting trophies. You can view further information on this EDM at: <https://edm.parliament.uk/early-day-motion/52304>

Thanks again to everyone who has got in touch in touch about this issue.

Best wishes,
